

TEST TUBE TWINS BORN AT MANINAGAR CLINIC

Kalpiti Bhachech/DNA

In a rare medical event, test tube twins (both girls) were successfully born at Vani IVF Centre at Maninagar in Ahmedabad on Saturday. The first baby, weighing 2.5 kg, born at 12.47 pm was followed by the second at 12.48 pm, weighing 2.7 kg. Mother Neha Patel and the newborn twins are in fine health. Dr Kamini Patel (above), who successfully conducted the births, said the babies and the mother are not facing any medical complications.
